2026 Call for Solutions

Open from 3 April to 25 May

#PPF2026

Foreword

Dear friends of the Forum,

Once again this year, we are calling on your support to help make our 2026 Call for Solutions a success. To ensure we receive a large number of high-quality, international applications, we warmly invite you to help spread the word within your network and community.

This Toolkit includes everything you need to easily amplify the campaign on your social media channels and beyond.

Thank you for your support!

History has shown time and again that international cooperation is key to overcoming global challenges and ensuring lasting peace.

For the past eight years, the Paris Peace Forum has served as a unique platform for global cooperation, enabling diverse actors to address today's most critical global challenges. Through the Solutions Hub, the Forum has spotlighted nearly 600 projects and supported more than 2,000 project leaders from every corner of the world.

The Forum's Solutions Hub is where practical innovation meets political will – offering a rare spotlight for changemakers to shape tomorrow's agenda. Selected initiatives are invited to participate in the Space for Solutions, where they can:

Present their work on stage

Gain international visibility

Connect with key actors

Benefit from our Scale-up Program

The Scale-up Program

Launched in 2018, the Scale-up Program (SCUP) offers a year-long, customized support to the ten most promising initiatives showcased at the Forum. These projects receive:

- Tailored guidance from the PPF Secretariat and its global community
- Support to approach new partners and funders
- Tools to strengthen organizational capacity and visibility
- And help in scaling up their impact on global challenges

2026 Call for Solutions: the Paris Peace Forum Seeks Concrete Solutions to the World's Greatest Challenges

The Paris Peace Forum announces the launch of its 2026 Call for Solutions, inviting organizations across the globe to submit their most impactful and innovative projects for consideration. The call is now open through 25 May 2026, ahead of the Forum's next edition in Paris.

Selected projects will be showcased in the Space for Solutions at the 9th annual Forum (taking place on November 11-12) and will benefit from global visibility, the opportunity to present their work during official sessions, and access to a powerful international network of experts, decision-makers, and fellow innovators. Each year, 10 projects are selected from among the most promising initiatives to join the Scale-up Program (SCUP): a project accelerator offering a year of personalized mentorship and capacity-building support.

For the past eight years, the Paris Peace Forum has served as a unique platform for global cooperation, enabling diverse actors to address today's most critical global challenges. Through the Solutions Hub, the Forum has spotlighted nearly 600 projects and supported more than 2,000 project leaders from every corner of the world. The Forum's Solutions Hub is where practical innovation meets political will – offering a rare spotlight for changemakers to shape tomorrow's agenda.

If you represent an organization (government, private company, NGO, civil society, international organization...) and your project matches one of this year's [eight themes](#), apply before **May 25: bit.ly/3YyowN1**.

About the Paris Peace Forum

The Paris Peace Forum is a platform to originate, shape & share multi-actor responses towards global peace & sustainable prosperity. By convening key decision-makers and fostering collaboration between governments, international organizations, businesses, and civil society, we ensure that diplomacy is not just discussed but reinvented to meet the demands of a changing world.
